THE RICHEST MAN IN THE WORLD.

EXTRACT OF A LETTER FROM BARON SOLOMON ROTHSCHILD.

PARIS, 8th April, 1866, 25 Rue Fauby St. Honore.

Will you be kind enough to have forwarded to me here 200 bottles of your Indian Liniment; if you will send at the same time the account, I will forward you the amount through Messrs. Belmont & Co., New York.

BARON SOLOMON ROTHSCHILD having recommended to many of his friends Major LANE'S LINIMENT, and they being desirous to procure it, we [illegible] him to establish a depot in Paris.

THE INDIAN LINIMENT,

As a relief, ever ready; as a killer of pain, taken inwardly, or outwardly applied, has no equal. For the relief and cure of *Rheumatism and Neuralgic Affections, Sprains, Bruises, &c.,* it is unequalled. It is the most efficacious, taken inwardly, in the cure of *Cholera, Cramps and Pains in the Stomach, Diarrhea, Dysentery, Cholera Morbus, Cholera Infantum, &c.* and is without exception the best Family Medicine the world affords. No FAMILY should be without it. Every TRAVELER by land or sea should have a bottle. MINERS and FARMERS living at a distance from Physicians, should keep it constantly on hand. In case of Accidents, and sudden attacks of Stomach Complaints, its value cannot be estimated. Inquire for Major LANE'S INDIAN LINIMENT, and take no other. PRICE, 50 Cts. per bottle. For sale at wholesale and retail by Demas Barnes & Co., 21 Park Row, N. Y.; Geo. A. Ross, 56 Courtlandt street, N. Y.; F. C. Wells & Co., 115 Franklin st., N. Y.; Chas. N. Crittenden, 38 6th Ave., N. Anecdote of Josh Sears.

The following story is told of a well known old Boston Merchant, the occurrence happened many years ago: At the time we write of, Boston controlled full three-quarters of the West India trade of the country, and the daily arrival of several cargoes of molasses in the season was no unusual occurrence.

Those were days of sharp practice. The principals of a concern then did not delegate certain transactions to their clerks as they do nowadays. Josh was an early bird, and the sun rarely found him under the sheets; if there was a worm to be caught he was sure to catch it.

A cargo of molasses was classified, after being landed on the pier, as sour for distilling and sweet for retail, and after the cargo was landed and gauged by the custom house official, it was offered for sale. If it was a fair average cargo it was offered to the jobbers, the price being fixed upon the hogsheads, resold to the small jobbers; he of course also bought them "as they run," but not till after he knew exactly how they did run.

Now every one knew that Josh Sears was a very shrewd buyer, but how he always managed to get the best retailing molasses out of a cargo, without getting any sour hogsheads, passed the understanding of importers and buyers till at last a very shrewd importer whose name will call ——, had his suspicions that the early propensities of Josh meant something besides exercise to get up an appetite.

A cargo of molasses having arrived to his consignment, he determined to watch. So taking his position early one morning, where he could see unobserved, he waited. Not long after a well known individual was seen approaching, long-drover and broomstick in hand, accompanied by two Irishmen. Said individual proceeded to try the molasses, and upon every hogshead that proved satisfactory he placed a small private mark. When he had selected the quantity he wanted, he ordered the Irishmen to roll them into a [illegible] and then left the [illegible] everyone was stirring.

As soon as he was out of hearing, G—— jumped from his hiding place with a laugh, [illegible] "I have it. Josh, old fellow, you are done now." He immediately procured a large gang of men, shifted the hogsheads he had marked with others taking the precaution to put the same private mark on them, and leaving a few of the [illegible] private inspection at the head of each tier for Josh to try.

Shortly after returning to the counting-room, Josh entered as expected. "Well G——, what are you asking for the Ellsworth's cargo?"

"Twenty-eight cents."

"Fair cargo?"

"Yes. Do you want to buy?"

"Yes."

"Look at it now?"

"Yes. Where is it landed?"

This last was [illegible] almost too much for G——'s gravity.

"Bartlett's wharf. Well, come along."

Arrived at the wharf, Josh cast his eye [illegible] along the hogsheads. There were his marks, all right, and then he went through the form of trying several hogsheads at the head of each tier. They proved satisfactory.

"Think it will run about like this, G——?"

"I don't know. There it is; take it as you find it."

"Well, I'll take these six tiers. Send up as soon as you can and take off the gauges," and Josh, putting on his big S chalk, they both left.

Josh, as usual, immediately ordered up the ten hogsheads as a sample. Well aware of the reason, G—— had arranged to have only good ones sent.

In due time they arrived, and were deposited on the sidewalk at the back of the store. [illegible] were sent out to the jobbers to [illegible] Every thing was satisfactory; the balance was sold at a handsome advance; clerk was sent down to deliver; goods were taken off; book-keeper made out the bills; Josh was sitting down at the old desk, pleasantly calculating the net profits of the dodge, when suddenly his reverie was disturbed by the entrance of Mr. A. with—

"Look here, Sears, that molasses you sent is sour!"

"What!"

"That molasses is not what I bought; it is sour."

"The d—— it is!"

Entered Mr. C., *loquitur.* "Every hogshead of that confounded molasses is sour."

This was too much; up jumped the irate Josh, and put for G——'s counting-room. G—— was in.

"Look here, G——," says Josh, "that molasses I bought of you has soured mighty quickly, or else you have given me what I didn't buy. I'd like to have it explained."

"Certainly Mr. Sears, there is a peculiarity about this "South Side" molasses; if it is disturbed by rolling the hogshead before settling, it invariably sours. I have been thinking that you might some"—

Josh stopped to hear no more, but jamming his hat fiercely over his right ear, and plunging his hands in his pockets, left without a word.—*Com. Bulletin.*

A HARD BED.—An old lady from the country slept one night lately in the house of a friend in town (says a Scotch paper.) The bed happened to be a plain hard mattress, so much recommended as more healthy to be upon than a bed of down. Next morning the lady was asked how she had slept overnight. "No' well," was the reply, "for my auld banes are sore wi' that hard bed o' yours." "O, but, Janet, do ye know that all the great physicians say that it is more healthy to sleep on beds hard as a board?" replied the host. "Oh, ay," said Janet, "an' I suppose that's what your town bodies ca' a board of Health."

An editor in Ohio refused to speak to the last "Woman" on the ground that woman was able to speak for herself, and any man who undertook to do it for her would get into trouble.

"Daughter," said a fond mother, whom the oil speculation had made aristocratic, "has Mr. Brown proposed to you?" "Yes, ma," explained the daughter, "he proposed that we go out this evening and get some raw oysters."

"Have your cabbages tender hearts?" asked a woman of a costermonger. "They can't have anything else ma'm," was the reply, "after they've been with me crying about the streets all the morning."

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS.

A Proclamation.

BY THE GOVERNOR.

In accordance with long established usage I, AMBROSE E. BURNSIDE, Governor of the State of Rhode Island and Providence Plantations, do hereby appoint THURSDAY, the 28th day of November inst., as a day of thanksgiving to Almighty God, and recommend the assembling of the people on that day in their respective places of worship, to give praise to Him who hath blessed us with peace and plenty, and given us abundant other reasons for thankfulness for his many mercies and loving kindnesses during the past year. "Blessed be the Lord who daily loadeth us with benefits, even the God of our Salvation."

[L. S.] Given under my hand and the seal of the State, at the city of Providence, this 6th day of November, in the year of our Lord one thousand eight hundred and sixty seven, of the Independence of the United States the ninety-first, and of the Founding of the State, the two hundred and thirty-second.

AMBROSE E. BURNSIDE.

By the Governor.

JOHN R. BARTLETT, Secretary of State.

New Theological Seminary.

On Wednesday the 6th inst., the new theological seminary of the Methodist Episcopal Church was opened at Madison, New Jersey, with an appropriate religious and social celebration. All the Bishops of the church were in attendance, nine in number. Bishop Morris, the senior, presided, and addresses were made by six of the Bishops and several other clerical and lay gentlemen. The Seminary is Mr. Daniel Drew's gift to the Church. Mr. Drew was a poor boy whom the changes of fortune have made one of the wealthiest men of New York. He is now nearly eighty years of age. His donations to the Church have for many years been large; and on the centenary he made the crowning gift, purchasing and endowing this Seminary. Already more than a half million has been invested in the property and endowment, and it is estimated that the donation will amount to three fourths of a million.

"Burleigh," in the Boston *Journal* gives the following description and history of the property:

In the beautiful town of Madison, N. J., was a fine country seat. It consisted of 225 acres with a magnificent faced stone wall all around it, and on it a mansion large enough for a hotel, handsome enough for a royal dwelling. It was sumptuously furnished, and was said to have cost more at the time it was built than any other house in New Jersey. Into this mansion Mr. Drew appeared one day, and offered the astonished owner $150,000 for the estate, on condition that the owner should at once pack up and leave, leaving everything behind him but his personal effects. The offer was accepted, and this sumptuous dwelling, with the magnificence, completely furnished, is the Drew Theological Seminary, the most elegant and costly in the land. In addition to all this a fire-proof building for a Library and Museum of Methodism has been commenced and parties are abroad in Europe selecting a library, and all at the expense of this munificent donor. Gibbons, who owned the estate, was a skeptic, and made no contributions to religious purposes. Over twenty-five years ago a lady called on him for a contribution, which he refused, but gave her his opinion of religious matters in general. The indignant lady told Mr. Gibbons that the time would come when his whole property would be devoted to the Lord, and that she had no doubt but that young men would be trained for the ministry in that very house. This prophecy has been long known in Madison and has had a singular fulfilment. Dr. McClintock said that if the mansion had been built expressly for a Theological Seminary it could not have been better adapted to it. It has a chapel, lecture room, library, reading room, Professor's room and rooms for recitation. By the charter this whole property is put into the hands of the General Conference, to be forever devoted to the ministerial education of young men for the Methodist Church.

REVOLUTION IN VENEZUELA.—A letter from Laguayra, Venezuela, of Oct. 12, says the ports of Laguayra and Porto Cabello are both very dull, on account of the revolution outside of Caracas, about nine miles distant from the city, caused by the discontent of the greater part of the Republic on account of the bad management of the Government, the revolutionists crying down the President and his Cabinet for their unconstitutional way of ruling. The force of the revolutionists, it is said, consists of about three thousand men, poorly armed. The force of the Government is about four thousand men; they have had several engagements, in which the Government has been the loser by death and prisoners as also desertion to the other party. At one time about two hundred men or more, with their officers, deserted, taking with them their arms and ammunition.

The government is now endeavoring to bring about a reconciliation, but the revolutionists do not as yet wish to come to terms, and the general opinion is that if the government fails in procuring the heavy loan they desire from the mercantile community at Laguayra and Caracas, they will be obliged to surrender. They have also agents at Porto Cabello and other places, trying if possible to negotiate a loan. Commerce is now entirely at a stand still. The crops are good throughout the country, but, no doubt, will be lost for want of men to attend to them, as the government is forcing into the army all those who are able to bear arms. The only State that seems to be in peace is that of Guayana, which is attributed to the gold mines and American immigration.

BELLOWS FISH.—Messrs. Augustus A. Greene and Thomas Croacher succeeded in capturing a Bellows fish in the dock near the lumber yard of Greene & Wood, last Friday. It is about three feet in length, weighs about 25 pounds, and is a singular looking fish. It has been secured by the Young Men's Natural History Society, and is now in the hands of Mr. Isaac C. Sherman, taxidermist, who will preserve it, after which it will be added to the already large collection of rare specimens of natural history.—*N. B. Standard.*

The Grain Crop of '67.

The October report of the Agricultural Department says that although a final definite estimate of the amount of wheat harvested cannot be made until the next report to the Department show that the sum total in bushels will exceed that of any harvest hitherto gathered in this country. It will exceed the yield of last year by forty to fifty millions of bushels. As an approximate estimate upon the present data, two hundred and twenty to twenty-five millions of bushels may be received as the crop of '67. The Southern States show an enlargement in area of wheat from the evident intention to become more nearly self supporting and independent than formerly. This is particularly noticeable in Virginia, Georgia, Alabama, Tennessee and Arkansas. The quality of the wheat is greatly superior to that of last year. It is almost universally sound and dry, but in many localities there may be found from a third to a half deficient in weight, lacking in plumpness or slightly shrivelled, and passing as No. 2, being less than 58 pounds to the bushel.

Buckwheat—This crop will be scarcely equal to last year's.

The Potato crop is a poor one.

Sugar—Louisiana, the only State producing cane sugar to any extent, reports an increase of 7.20 per cent., over the small yield of last year.

Cotton—Complete estimates will be made on the receipts of the November returns. The returns of October indicate a considerable increase in South Carolina, Georgia and Alabama, about the same yield as last year in Mississippi, Arkansas and Tennessee, and a marked diminution in Texas and Louisiana. All estimates below two millions of bales of five hundred pounds each, are decided fallacious, while the present indications favor two and a half million bales.

Old Wheat shows a reduction as compared with last year, when the old stock was also small. The stock of old wheat has not been reduced so low for many years, if ever.

Oats—The aggregate estimate will exceed two hundred and eighty millions of bushels, about three per cent. above that of 1866.

Rye—The estimate for all the States, excepting those on the Pacific, is twenty-one millions of bushels, an increase of four per cent. over last year.

Barley—The crop is slightly deficient, about half a million of bushels, or four per cent. as compared with last year.

Beans and Peas—There is more than an average crop.

Corn—The quality is uniformly good. The value of the entire crop after a deduction of the deficiency in the Ohio Valley, and allowing for an increase in almost all the other States, will be greater, not only in cash, but in intrinsic life-sustaining and pork producing power than that of last year.

A BANK SWINDLED IN THE MOST EXTRAORDINARY MANNER.—A little more than a month ago one of the most barefaced and outrageous swindles on record was perpetrated on the First National Bank, of Iowa city. About noon one day a rough looking customer came into the bank with what purported to be a bag of gold dust, worth by weight $14,000. He represented that he had just come from Montana, and that he had more gold than he wanted. It appears that the cashier with the most incredible gullibility, snapped up the gold and strange as it may seem, did not even apply the usual chemical tests common among the dealers in the article. The result was that the Mint officer at Philadelphia, whither the spurious metal had been sent, returned a statement that the stuff was a composition of platina, copper, and a very small amount of pure gold. The bank paid $10,000 in gold, and gave a certificate of deposit for $4,000.

The Annual Conferences of the Methodist Episcopal Church have just closed their sessions for 1867. The reports give the following figures: Conference Ministers 7,989, Local Ministers 8,935, Members of Churches 1,144,763; being an increase for the year, of 413 Members of Conferences, 333 Local Ministers and 112,579 Communicants. The *Western Christian Advocate* says: Out of the Middle Department of our mission work in the South, in less than three years, have grown four annual conferences—the Holston, the Tennessee, the Georgia and the Alabama. Of a membership numbering 49,601, nearly 37,600 are whites and a little over 12,000 colored. In the Alabama Conference over two-thirds of the membership are white; and all the preachers save one are Southern men.

PERSECUTION.—At the recent semi-centennial of the New London (Conn.) Baptist Association, Judge Spencer, of Essex, said that in February, 1774, fourteen persons were arrested in Saybrook, now Winthrop, "for holding a meeting contrary to law on God's holy Sabbath day." They were tried, fined, driven on foot through a deep mud to New London, a distance of about twenty miles, and thrust into jail without fire, food or beds, where they remained in dreadful sufferings for several weeks, and would have all perished had not some Baptist brethren in the vicinity of New London carried them provisions. One of them was an infant in its mother's arms.

Public speculation in England on the probable fate of Dr. Livingston has again taken a favorable turn, in consequence of a letter taking that view from Mr. J. S. Moffatt, the distinguished missionary, and brother-in-law of Livingston. Mr. Moffatt says that Arab traders have come from the immediate vicinity of the spot where the murder is alleged to have occurred, and yet have not heard of an event which could not have failed to cause a good deal of excitement through an extended region. A message has been sent to the Sultan of Zanzibar by a chief inland that Livingston had passed his territories alive and well at a point beyond the scene of the supposed murder.

The National Intelligencer says some doubt exists as to how the approaching session of Congress is to be regarded, whether merely as an adjourned session, or the commencement of the regular session of the Fortieth Congress. The Intelligencer further says that it is not known whether the President will regard the meeting on the 21st instant as the proper occasion for the communication of his annual message, if indeed, he has arrived at a conclusion on the subject.

REPAIRING.—Zion Church has been closed for several weeks past as Rev. Mr. Child, the Rector is away. Some improvements in the building are in contemplation before it shall be again opened for worship.

Trinity Church is no longer heated with stoves after the fashion of primitive times. Furnaces have been introduced and thus another feature that marked the antiquity of the structure is removed.

Rev. Dr. Thayer has entered upon his regular work since his return from Europe, with improved health and much to the gratification of his church and congregation.

Services will be held in the Chapel of the Thames Street Methodist Episcopal Church, to-morrow instead of the usual place, which is closed for repairs.

EMMANUEL CHURCH will be open for Divine Service on Sunday evening.

Services to begin at 7 o'clock.

REV. WM. SILSBEE of Salem, Mass, is expected to preach at the Unitarian Church to-morrow morning at the usual hour of service.

Rev. Dr. Upham will preach at the Spruce St A. M. E. Church, to-morrow morning.

GRAND ARMY OF THE REPUBLIC.—This organization, which now extends throughout the entire country, being composed of officers and soldiers of the loyal army has about thirty members in this city. Meetings are held every week in the Light Infantry Armory. The following are the officers:

Brev. Brig. Gen. Geo. W. Tew, Post Commander.

Col. T. W. Higginson, Senior Vice Commander.

Comrade Randall Pullen, Junior Vice Commander.

Capt. J. A. Judson, Post Adjutant.

Capt. George C. Almy, Quartermaster.

THE POOR.—As winter is approaching, the charitable and wealthy among us should remember the poor. These are hard times for such as are dependent upon their daily labor and especially for those who are not able to labor at all. We are glad to be able to announce the gift of $100 from A. Van Rensslear Esq., to be distributed in the purchase of fuel. It is to be hoped that others will follow the example.

JURORS.—The following were drawn as jurors to serve at the November term of the Court of Common Pleas:—*Grand*, William F. Wilbour, William P. Peckham, Henry Huddy, Abel S. Stevens. *Petit*, Stephen Allen, Richard Cornell, George Wilbour, William Sherman, Edmund J. Townsend, Stanton Peckham, George W. T. Melville, William H. Chase, Augustus French.

TO THE EDITOR OF DAILY NEWS.—I wish to enquire through the Medium of your paper, if it is right and honorable for Boss Carpenters after getting estimates from the several Boss Painters for a job of painting to make use of said estimates, for the purpose of cheapening the price of another painter. Such a thing has been done recently in this city.

COURT OF COMMON PLEAS.—A special term of the Court of Common Pleas was held at the State House yesterday, to try a case of trespass and ejectment, originating in Little Compton—Elijah Peirce *vs.* wife of James Peirce. The case went to a jury and resulted in a verdict for the Plaintiff.

CORRECTION.—Figures won't lie. So we have heard many, many times. It may be so, but they certainly do not always tell the truth. In our notice of P. C. Shanahan's new building, yesterday, we wrote that the cost was $30,000. The printed figures said $13,000.

BODY FOUND.—The body of Mr. Samuel Clark who fell from his boat and was drowned some time since was found yesterday by some fishermen on the Beach not far from Lily Pond. His funeral will take place to-morrow.

PASTORAL CALL.—Rev. Edward Bell, pastor of the Baptist church in Wickford, has received and accepted a call to the pastorate of the South Providence church, and will enter upon the labors of his new parish next month.

NEW CLOCK.—The clock provided for the Station House has been placed in position and will now keep the denizens of that locality "on time."

PERSONAL.—Mr. and Mrs. Newbold Edgar of this city sailed for Europe a few days since.

SUDDEN DEATH.—The *Pendulum* says Rev. Dyer A. Nichols, of East Greenwich died suddenly of apoplexy at the house of a relative in Philadelphia on Thursday morning. He left home on Monday for his late home at Port Canada, Pa. He was about sixty-two years of age.

A curious case of circumstantial evidence has been cleared up within a few days. In 1856 Capt. J. G. Weatherwax, of Plattsburg, N. Y., was suspected of the murder of his cousin, in Canada, tried and would have been convicted but for the legal difficulty of a want of jurisdiction. The evidence was circumstantial but conclusive. A body was found and identified as that of the murdered man. After some time the Canadian authorities took the matter up, and a second trial followed, in which the accused was acquitted only by reason of questionable artifices on the part of his counsel. Everybody believed him guilty, although he protested his innocence, and he lived a branded man. Now the cousin has suddenly appeared alive and well. His disappearance was caused by shipping on a drunken spree as a sailor and cruising in foreign waters, leaving no trace behind.

Literary Notices.

"The Pen and Pencil" abounds in poetry, original stories and essays upon literary subjects, all of which hold the attention of the reader throughout. It stands in literary excellence far above many of the trashy periodicals that flood the country, and we commend it to the reading public. Among the other attractions the publishers return a large per cent. of their proceeds to their patrons in prizes ranging from $10,000 to $1,00. Every purchaser has a ticket securing an equal chance. T. R. Dawley & Co., Publishers, New York.

The sixty-eighth number of Frank Moore's "Rebellion Record" contains portraits of Generals Ingalls and Weitzel, and a mass of interesting and valuable documents. Those who want to know the history of the war must go to this compendious and full record to learn it.

"Once a Month" for November has a long list of articles beside the advertisements which occupy the alternate pages. W. J. Holland & Co., Springfield Mass.

"Littell's Living Age" for November 9th, has seven prose articles from Foreign Magazines, beside poetry, &c. Littell & Gay, Boston.

"The Fireside Companion" is a new journal of instructive, romantic and entertaining literature published by George Munro & Co., 137 William Street, New York, at three dollars a year.

PERSECUTION OF FREEMASONS.—An Havanna letter, dated 2nd, states that the recent plan to break jail at Santiago de Cuba resulted in ten prisoners being shot, twenty one sentenced to ten years' close confinement, sixty-three to ten years and two to eight years' imprisonment. The Governor of Sagua d'Antonia, M. Porras, left for Spain yesterday, under arrest for having allowed the formation of a Masonic Lodge in that city, and become a member of it himself, as did also several other persons of good standing in that city. The Director of Public Works at Sagua has left for Spain on similar charges, and the civil magistrates, the members of the Secretary's office, the officers of the volunteer corps and the director of the city school have lost their positions. All the members of that lodge worked with the greatest confidence, being under the impression that the government tolerated its existence. No others except such as had public positions have so far been molested by the government.

At the New York Central Conference of liberal Christians at Ithaca, Oct. 22nd, the following resolution, says the *Liberal Christian*, was offered and discussed with great earnestness and feeling, and adopted unanimously:

"That this Conference, both clergy and laity, deeply impressed with the importance of the communion service as a means of spiritual growth and Christian life, will from this time forth make more earnest efforts to create more interest and a more general participation in the Lord's Supper in our churches."

Mr. Holland urged, in presenting the topic, the threefold purpose of the communion—drawing us together into closer sympathy, bringing us nearer to the Divine Master, vitalizing us in the work of saving the world. He urged particularly that it should be made a distinct service at a separate time, not a mere appendage to ordinary worship, that it should be made altogether more cheerful by singing, and the union of the people with the pastor in the service, and the participation of children; that, if possible, it should be around a table.

The Baptists of West Virginia are devoting themselves with zeal to the interests of domestic missions. In the discussions on the subject at the late session of Broad Run Association, "few" says the *Religious Herald*, "spoke without tears, and every heart was touched by the earnestness of the missionaries and Board members, who in the absence of a general agent, plead their own cause." West Virginia is still blessed with revivals. One is reported in which one hundred and nineteen had been baptised, while the work was still going on.

Rev. T. W. Roberts gives an account of meetings held by him, during the first of which thirty-seven made a profession of religion. On the second Sabbath in July he baptised forty colored persons into the fellowship of the Mt. Moriah church. August 24th he baptised four white young people, and the next day fifty-three colored people into the fellowship of the church at Jonesboro'.

☞Marmalade Figs, fresh supply at Wilson's Bazaar.

The Washington correspondent of the Philadelphia Inquirer says that a gentleman who has been in Richmond some time pronounces the stories of threatened excesses by colored men and the published reports of inflammatory speeches by Hunnicutt, as sheer fabrications, coined for use in the elections, and says that no trouble of any kind is anticipated on account of the colored franchise, as their conduct compares favorably with the white rebels.

The New York *Evening Post* says that two months ago an infant was born in the town of Coburg, N. Y., which weighed only one pound. The child is now in the third month of her existence, and has gained a pound and a half, kicking the beam of two and a half pounds, therefore an ordinary sized gentleman's finger ring will pass over her arm to the elbow, and her shoes are just two inches long.

A Baltimore despatch says that the Democratic majority in Maryland will be between thirty-five and forty thousand. It is supposed that William A. Stewart of Baltimore will be Speaker of the House of Delegates. There will not be a Republican member in either branch of the next Legislature, nor a single Republican officer, even down to a constable, in the whole Commonwealth. The new broom unquestionably sweeps clean, brushing negro suffrage in Maryland effectually out of the way.

A base-ball club in Lafayette, Indiana, is to have a wood sawing match with the members of the Young Men's Christian Association of that place. Large quantities of wood have been donated for the use of the poor. A report of this useful game will be interesting, as: "Jones gave out on his seventh stick," "Brown went through his half cord without stopping," &c.

No. 2.

DR. SCHENCK'S NEW OFFICE.

DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 32 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 2 to 3. Every person complaining with Consumption, or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part also; whether it is Tuberculous, Pulmonary, Bronchial, or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver complaint.

His medicines have full directions, so any one can take them without seeing him; but if they live near by, and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver are kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills, 25 cents per box.

Alpine Bitters.

THE **ALPINE BITTERS**, imported exclusively from Switzerland, is made from Roots and Herbs, harmless in themselves, but marvelous in their strengthening properties. Their recuperative qualities are unrivalled, and are especially efficacious in all cases of Female Debility, arising from any cause whatsoever; also for Dyspepsia, Indigestion, Headache, Nervousness, Loss of Appetite, and as a positive preventive of Chills and Fever.

The **ALPINE BITTERS** have a soothing and restoring influence upon the system, especially upon the digestive organs, and is highly recommended to ladies and even children in delicate health, and to all who are averse to taking wine, poisonous whiskeys and other stimulants.

The continually increasing demand for this universal popular EUROPEAN TONIC and ANTI-DYSPEPTIC ELIXIR, has induced the undersigned to make such arrangements abroad as will enable them constantly to supply all orders with which they may hereafter be favored.

Can be obtained by all Druggists and other dealers.

GOLD MEDAL.

An Admitted Fact.

It is admitted by all that ELIAS HOWE, Jr., President of **The Howe Machine Co.**, was awarded a GOLD MEDAL at the Paris Exposition.

Also, it is admitted that the *Grand Cross of the Legion of Honor* was conferred upon ELIAS HOWE, Jr., by the Emperor Napoleon. These were the HIGHEST HONORS ever awarded to a *Sewing Machine Manufacturer*.

THE ONLY QUESTION IS,

For what did ELIAS HOWE, Jr., *receive these honors?* He entered the Exposition as a MANUFACTURER of Sewing Machines, *not as "Inventor."*

He did not apply for or receive the Gold Medal as "Inventor."

The AWARD speaks of MR. HOWE as "Promoter" and "MANUFACTURER" of Sewing Machines.

MR. HOWE (who is supposed to know) says the Gold Medal was awarded to him *for his Sewing Machine exhibited*, AND FOR NOTHING ELSE.

Now in all fairness we ask, *Whose Sewing Machine* took the FIRST PRIZE at the Exposition?

Let common sense answer, and we are content.

Dr. WISTAR'S BALSAM OF WILD CHERRY.

In the whole history of medical discoveries no remedy has performed so many or such remarkable cures of the numerous affections of the THROAT, Lungs and CHEST, as this long-tried and justly celebrated BALSAM. So generally acknowledged is the superior excellence of this remedy that but few of the many who have tested its virtues by experience fail to keep it at hand as a speedy and certain cure for sudden attacks of Cold—fully believing that its remedial powers are comprehensive enough to embrace every form of disease, from the slightest cold to the most dangerous symptom of pulmonary complaint.

UNSOLICITED TESTIMONY,

From REV. FRANCIS LOBDELL, Pastor of the South Congregational Church, Bridgeport, Connecticut.

"I consider it a duty which I owe to suffering humanity to bear testimony to the virtues of DR. WISTAR'S BALSAM OF WILD CHERRY. I have used it—when I have had occasion for any remedy for Coughs, Colds or Sore Throat,—for many years, and never in a single instance has it failed to relieve and cure me. I have frequently been very hoarse on Saturday, and looked forward to the delivery of two sermons on the following day with sad misgivings, but by a liberal use of the Balsam my hoarseness has invariably been removed, and I have preached without difficulty.

I commend it to my brethren in the ministry, and to public speakers generally, as a certain remedy for the bronchial troubles to which we are peculiarly exposed."

NEW ADVERTISEMENTS

At a meeting of the City Council of the City of Newport, held November 5, 1867, the following ordinance was passed:

AN ORDINANCE in amendment of "An Ordinance in relation to Police, and defining the duties of certain city officers."

Section 1. Section thirteenth of said Ordinance in relation to Police, and defining the duties of certain city officers, is hereby amended so as to read as follows: The annual compensation of the members of the permanent police shall be as follows, payable monthly, to wit:—The Captain of the Night Police, seven hundred dollars per year; the Lieutenant and Sergeant of the Night Police, six hundred and seventy-five dollars per year; and all other members of the police force, except the City Marshal, six hundred and fifty dollars per year each; no extra compensation shall be paid. All fees and penalties, including witness fees in all criminal cases and complaints, and in all cases in which the city is a party, and all compensation for services rendered in an official capacity within the hours prescribed for official duty received by any police constable, shall be paid by such constable into the city treasury, before he shall be entitled to receive his monthly pay.

Sec. 2. All Ordinances and parts of Ordinances inconsistent herewith are hereby repealed.

Sec. 3. This Ordinance shall go into effect immediately after its passage.

"A Repository of Fashion, Pleasure, and Instruction."

HARPER'S BAZAR.

The Publishers will commence, on November 1st, the issue of HARPER'S BAZAR, a Weekly Illustrated Family Journal, devoted to Fashion and Home Literature. Their aim is twofold: to supply the existing need of a Weekly Fashion Newspaper, and to combine therewith a first-class literary journal, which will be indispensable to every household.

Arrangements have been made, at an immense cost, with the most celebrated of the Fashion Papers of Europe, especially with the famous *Bazar* of Berlin, which supplies the fashions to the leading journals of Paris, to furnish the same to them in advance, so that henceforth the fashions will appear in HARPER'S BAZAR simultaneously with their publication in Paris and Berlin—an advantage enjoyed by no other journal in the country.

The patrons of HARPER'S BAZAR will receive every fortnight large pattern-plates, containing from forty to fifty full-sized patterns of ladies', misses', and children's bonnets, cloaks, dresses, under-clothing, and other articles, accompanied with the necessary descriptions and directions, and occasionally an elegant Colored Fashion Plate of the size of HARPER'S WEEKLY.

HARPER'S BAZAR will contain 16 folio pages of the size of HARPER'S WEEKLY, printed on superfine calendered paper, and will be published weekly.

SUBSCRIPTIONS.

1868.

The Publishers have perfected a system of mailing by which they can supply the MAGAZINE, WEEKLY, and BAZAR *promptly* to those who prefer to receive their periodicals directly from the Office of Publication. Postmasters and others desirous of getting up Clubs will be supplied with a Show-Bill on application.

The postage on HARPER'S BAZAR is 20 cents a year which must be paid at the subscriber's post-office.

Terms:

500 MILES

OF THE

Union Pacific Railroad,

Running West from Omaha

ACROSS THE CONTINENT,

ARE NOW COMPLETED.

The Union Pacific Railroad Company have built a longer line of railroad in the last eighteen months than was ever built by any other company in the same time, and they will continue the work with the same energy until it is completed. The Western Division is being pushed rapidly eastward from Sacramento by the Central Pacific Company of California, and it is expected that

THE ENTIRE GRAND LINE

to the Pacific will be open for business in 1870. MORE THAN ONE-THIRD OF THE WORK HAS ALREADY BEEN DONE, MORE THAN ONE-THIRD OF THE WHOLE LINE IS NOW IN RUNNING ORDER, AND MORE LABORERS ARE NOW EMPLOYED UPON IT THAN EVER BEFORE. More than

Forty Million Dollars in Money

have already been expended by the two powerful companies that have undertaken the enterprise, and there is no lack of funds for its most vigorous prosecution. When the United States Government found it necessary to secure the construction of the Union Pacific Railroad, to develop and protect its own interests, it gave the Companies authorized to build it such ample aid as should render its speedy completion beyond a doubt. The available means of the Union Pacific Railroad Company, derived from the Government and its own stockholders, may be briefly summed up as follows:

1.—United States Bonds

Having thirty years to run and bearing six per cent. currency interest at the rate of $16,000 per mile for 517 miles on the Plains; then at the rate of $48,000 per mile for 150 miles through the Rocky Mountains; then at the rate of $32,000 per mile for the remaining distance, for which the United States takes a second lien as security. The interest on these bonds is paid by the United States Government, which also pays the company one-half of the amount of its bills against the Government for transporting its freight, troops, mails, &c. The remaining half of these bills is placed to the Company's credit, and forms a sinking fund which may finally discharge the whole amount of this lien. The claims against the government since April of the present year amount to four times the interest on the bonds this lien covers.

2.—First Mortgage Bonds.

By its charter the Company is permitted to issue its own First Mortgage Bonds to the same amount as the bonds issued by the government, and no more, *and only as the road progresses*. The Trustees for the bondholders are the Hon. E. D. Morgan, U. S. Senator from New York, and the Hon. Oakes Ames, Member of U. S. House of Representatives, who are responsible for the delivery of these bonds to the Company in accordance with the terms of the law.

3—The Land Grant.

The Union Pacific Railroad Company has a land grant or absolute donation from the government of 12,800 acres to the mile on the line of the road, which will not be worth less than $1 50 per acre at the lowest valuation.

4.—The Capital Stock.

The authorized capital of the Union Pacific Railroad Company is $100,000,000, of which over $5,000,000 have been paid on the work already done.

The Means Sufficient to Build the Road.

Contracts for the entire work of building 914 miles of first-class railroad west from Omaha, comprising much of the most difficult mountain work, and embracing every expense except surveying, have been made with responsible parties (who have already finished over 500 miles), at the average rate of sixty-eight thousand and fifty-eight dollars ($68,058) per mile. This price includes all necessary shops for construction and repairs of cars, depots, stations and all other incidental buildings, and also locomotives, passenger, baggage, and freight cars, and other requisite rolling-stock, to an amount that shall not be less than $5,000 per mile. Allowing the cost of the remaining one hundred and eighty-six of the eleven hundred miles assumed to be built by the Pacific Company to be $90,000 per mile.

The Total Cost of Eleven Hundred Miles will be as follows:

914 miles, at $68,058	$62,205,012
186 miles, at $90,000	16,740,000
Add discounts on bonds, surveys, &c.	1,200,000
Amount	$80,145,012

As the U. S. Bonds are equal to money, and the Company's own First Mortgage Bonds have a ready market, we have as the

Available Cash Resources for Building Eleven Hundred Miles:

U. S. Bonds	$29,328,000
First Mortgage Bonds	29,328,000
Capital stock paid in on the work now done	5,500,000
Land Grant, 14,080,000 acres, at $1 50 per acre	21,120,000
Total	$85,276,000

The company have ample facilities for supplying any deficiency that may arise in means for construction. This may be done wholly or in part by additional subscriptions to capital stock.

Active inquiry has already been made for a portion of these lands, and arrangements are now proposed to offer a part of them for sale. While their whole value will not be available for some years to come, they will remain a very important source of revenue to the Company. The lands of the Illinois Central Railroad Company are selling at from $6 to $12 per acre, and other land-grant companies in the West are receiving equal prices for similar properties.

Future Business.

The most skeptical have never expressed a doubt that when the Union Pacific Railroad is finished the immense business that must flow over it, as the only railroad connecting the two grand divisions of the North American continent, will be one of the wonders of railway transportation; and as it will have no competitor it can always charge remunerative rates. The Pacific Mail Steamship Company of New York is now running a regular line of its splendid steamers between San Francisco and China and Japan, which is doubtless the pioneer of other lines that will traverse the Pacific Ocean laden with the teas, spices and other products of Eastern Asia. Excepting some very heavy or bulky articles, of comparatively low values, shortness of time decides the direction of freights and most of these cargoes will find their natural transit over the Union Pacific Railroad.

It is quite within bounds to say that its traffic will be limited only by the capacity of the line, and that no other road will find a double track necessary. California and Oregon must not only be supplied with means of transport for its passengers, mail, treasure and other freights, but the inhabitants of Dakota, Colorado, Utah, Idaho and Montana will communicate with the older States almost entirely by this road. It will be the avenue to all the great mining district, which is only awaiting this ready means of communication to receive a population that will develop its vast mineral and other resources, and which of itself would furnish ample business for a railway line.

EARNINGS FROM WAY BUSINESS.

While the through business of the Company will be amply remunerative, it is still in the future, but the local business on the part of the road in operation has been most satisfactory.

During the quarter ending July 31, an average of 325 miles of the Union Pacific Railroad was in operation. The Superintendent's Report shows the following result:

Earnings.

Passengers, Freight, Telegraph and Mails	$813,355 55
Transportation of Contractors' Materials and Men	479,253 41
Total	$1,293,608 95

Expenses.

Fuel, Repairs, Offices, Conductors, Trains, &c.	$335,530 92
NET EARNINGS to balance	957,078 03
Total	$1,293,608 95

The net operating expenses on the commercial business for the quarter were $237,268 30. The account for the COMMERCIAL BUSINESS stands as follows:

Earnings for May, June and July	$723,125 54
Expenses	237,268 30
Net Profit	$485,859 61

The amount of Bonds the Company can issue on 325 miles at $16,000 per mile, is $5,200,000. Interest in gold, three months, at 6 per cent., on this sum, is $78,000; add 40 per cent. premium, to correspond with currency earnings, is $109,200—showing that the net earnings for this quarter were *more than four times the interest* on the First Mortgage Bonds on this length of road.

First Mortgage Bonds.

whose principal is so amply provided for, and whose interest is so thoroughly secured, must be classed among the *safest* investments. They pay

Six per Cent. in Gold,

and are offered for the present at NINETY CENTS ON THE DOLLAR, and accrued interest at Six Per Cent. in Currency from July 1.

Many parties are taking advantage of the present high price of Government stocks to exchange for these Bonds, which are over FIFTEEN PER CENT. CHEAPER, and, at the current rate of premium on gold pay

and by the Company's advertised Agents throughout the United States, of whom maps and descriptive pamphlets may be obtained on application. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express.

SOUTHERN NEWS.

FREDERICK, Md., Nov. 6. Upon the receipt of the news of the elections on Tuesday, the rebel flag was flung to the breeze at Libertown, in this county.

MOBILE, Nov. 7. The Convention did very little to-day. Rider, a colored delegate, offered a resolution that the Convention memorialize Congress to remove all political disabilities from such disfranchised citizens of Alabama, as had materially aided in the reconstruction of the State under the plan proposed by Congress, but it was laid on the table. A resolution that the Convention memorialize Congress to remove the tax on cotton was adopted. Gen. Pope was present during most of the session. He was introduced to the Convention and made a brief speech. He congratulated the delegates on their success in the late campaign, and said that while he disclaimed any purpose of dictating what they should do, he thought he might advise them to observe moderation in counsel and temperance in action.

WESTON AT SCHENECTADY.

SCHENECTADY, N. Y., Nov. 8. Weston the pedestrian, arrived in this city at 10 o'clock last night. An immense crowd of people were out to meet him. He left at 7.30 this morning, expecting to reach Herkimer, distance 60 miles, this evening.—Weston expressed himself as feeling in the best trim and confident of success.

[EVENING DISPATCHES.]

—o—

A Washington special dispatch says the order to disband the militia by the President includes the white militia and the Fenian and German organizations. It has not been carried out yet.

The report of the Assassination Committee will not be made before next year.

The proceedings against Gen. Schofield to test the legality of the Virginia election have ended in smoke.

Jeff. Davis is expected to be in Richmond next week.

The Democracy will serenade the President next Monday, and he is expected to make a speech.

The President has ordered an increase in the regular garrisons in the District of Columbia, Maryland, Delaware, and three counties in Virginia.

A call has been made for a conservative convention in Richmond.

It is understood in financial circles here that the Treasury will continue its sales of ten-forty bonds in order to provide itself with currency, though it may resort to sales of gold for this purpose.

A conference was recently held between the President and Mr. McCulloch upon the subject of the finances in connection with the forthcoming message of the President. It need not surprise your readers if they find the views of the President in his message to be precisely similar to those of his Secretary.

Gen. Grant has issued an order refusing to grant leaves of absence to officers and soldiers on the application of Congressmen. He says all leaves must be granted on merit.

The Democrats here propose to give the President a serenade, but he rather discourages the idea. The most intimate friends of the Administration say that there will be no Cabinet changes nor any new developments in its policy.

The President will not send a message to Congress until December, as the November session will last but nine days. The President's organ calls upon Grant to define his position, and state if he be a radical or a conservative. This article, it is understood, is prompted by Mr. Johnson, who is taking a lively interest in the question of the next Presidency, and who openly announces himself as very decidedly against Grant.

SPECIAL NOTICE TO THE VISITORS OF NEWPORT, AND TO THE PUBLIC.

THE SUBSCRIBERS have just received from New York at

Nos. 4 & 6 Market Square,

A large stock of VERY CHOICE GROCERIES, BOTH DOMESTIC AND IMPORTED, comprising articles too numerous to mention, which they offer for sale at wholesale and retail, at as LOW PRICES as can be sold at any store in the city.

Citizens and visitors and the public generally, will find it much to their interest to call as above, examine the quality of the Goods, and learn the prices, which have been much reduced the past month.

All goods delivered in any part of the City, free of expense.

CHARLES P. BARBER & SON.

Newport, June 1, 1867.

HUBBARD'S

Parade Corner Grocery,

THE SUBSCRIBER having made such arrangements in his store as will give increased facilities for doing business than heretofore, would most respectfully invite the attention of consumers to his increased stock of fresh and choice

GROCERIES,

Among which may be found the following, at prices as low as at any store in the city.

FLOUR in barrels and bags of the best brands in this market.

GREEN and BLACK TEAS of every grade.

HARTFORD, Conn.

GOODS received at **No. 93 Thames St.**

oct11 T. C. MUMFORD, Agent.

A Library of Universal Information.

THE NEW

American Cyclopædia:

A POPULAR DICTIONARY OF GENERAL KNOWLEDGE.

EDITED BY

GEORGE RIPLEY AND CHARLES A. DANA

AIDED BY A NUMEROUS SELECT CORPS OF WRITERS, IN ALL BRANCHES OF SCIENCE, ART, AND LITERATURE.

In 16 large volumes, 8vo.

750 double-column pages in each volume.

The leading claims to public consideration which the New American Cyclopædia possesses may be thus briefly stated:

"1. It surpasses all other works in the fulness and ability of the articles relating to the United States.

"2. No other work contains so many reliable biographies of the leading men of this and other nations. In this respect it is far superior even to the more bulky Encyclopædia Britannica.

"3. The best minds in this country have been employed in enriching its pages with the latest data, and the most recent discoveries in every branch of manufacture, mechanics, and general science.

"4. It is a library in itself, where every topic is treated, and where information can be gleaned which will enable a student, if he is so disposed, to consult other authorities, thus affording him an invaluable key to knowledge.

"5. It is neatly printed, with readable type, on good paper, and contains a most copious index.

"6. It is the only work which gives any thing approaching correct descriptions of cities and towns of America, or embraces reliable statistics showing the wonderful growth of all sections."

Every one that reads, every one that mingles in society, is constantly meeting with allusions to subjects on which he needs and desires further information.—In conversation, in trade, in professional life, on the farm, in the family, practical questions are continually arising, which no man, well read or not, can always satisfactorily answer. If facilities for reference are at hand, they are consulted, and not only is the curiosity gratified, and the stock of knowledge increased, but perhaps information is gained and ideas are suggested that will directly contribute to the business success of the party concerned.

A Cyclopædia is pre-eminently the work for our country and generation. This is the age of steam. No one has time to grope among a hundred different works for every little fact required, without the certainty of finding it at last. With a Cyclopædia, embracing every conceivable subject, and having its topics alphabetically arranged, not a moment is lost. The matter in question is found at once, digested, condensed, stripped of all that is irrelevant and unnecessary, and verified by a comparison of the best authorities. Moreover, while only men of fortune can collect a library complete in all the departments of knowledge, a Cyclopædia, worth in itself for purposes of reference at least a thousand volumes, is within the reach of all,—the clerk, the merchant, the professional man the farmer, the mechanic. In a country like ours, where the humblest may be called to responsible positions requiring intelligence and general information, the value of such a work cannot be over-estimated.

Six Volumes now out.

The same price per volume, and uniform with the NEW AMERICAN CYCLOPÆDIA.

PUBLISHED ONE VOLUME ANNUALLY.

Registering all the Important Events of Each Year—Valuable as a Work of Reference.

"It is an enterprise of immense value to the public, and ought to be in every library, public and private, as an invaluable book of reference."

Albany Argus, Albany, N. Y.

"We can confidently and conscientiously recommend the 'Annual Cyclopædia' to all who would have an accurate and readable history of contemporary events close at hand and as a safe work of reference."

Evening Traveller.

"It is indeed a most excellent work. It is thorough and reliable, and just such a work as is greatly needed, a faithful chronicler of important events, too numerous to be remembered, and of too much account to be lost."—*Cleveland Daily Plain Dealer.*

NEW WOOD AND COAL DEPOT

GEO. W. TEW, Proprietor,

SWINBURNE'S WHARF, foot of Mary St., Newport, R. I.

HAVING leased the wharf of Hon. Wm. J. Swinburne and purchased the good will and appointments necessary to carry on the

Coal and Wood Business,

I would respectfully solicit the patronage of my friends and the public generally. My business will be conducted carefully and promptly and I feel certain that those who favor me with their custom will be satisfied to continue the same.

A large stock of both Coal and Wood is now on hand, which will be sold at the lowest market rates and delivered in any part of the city.

may 22 GEORGE W. TEW.

DR. WARREN'S

BILIOUS BITTERS!

The Great Blood Purifier and Regulator.

CURES

Liver Complaint, Jaundice, Biliousness, Weakness, Debility, Colds and Fevers, Fever and Ague, Headache, Dizziness, Eruptions on the Skin, Humors of the Blood, Loss of Appetite, Costiveness, Piles,

AND ALL COMPLAINTS CAUSED BY

Impure Blood, Imperfect or Obstructed Circulation, or a Deranged and Diseased Condition of the Stomach, Liver, Kidneys and Bowels.

FOR Cleansing, Strengthening, Invigorating and Putting in Order the Weak, Debilitated and Diseased Human System, Dr. Warren's Bilious Bitters are unequaled by any other Medicine in the World.—Persons suffering from a complication of diseases of a chronic nature, will find sure and speedy relief in the use of this invaluable medicine. It quickens the circulation, restores the lost appetite, regulates all the functions of the body, cleanses the blood, carries off all morbid and unhealthy secretions, and imparts strength and vigor to the whole system.

From M. S. Burr & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in New England:

"We have sold large quantities of Dr. Warren's Bilious Bitters during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. Warren's Bilious Bitters to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."

ACROSS THE SIERRA NEVADAS

THE

Central Pacific Railroad.

THE WESTERN HALF,

OF THE

GREAT NATIONAL TRUNK LINE

Across the Continent,

Being constructed with the aid and supervision of the United States Government, is destined to be one of the most important lines of communication in the world; as it is the *sole link between the Pacific Coast and the Great Interior Basin*, over which the immense Overland travel must pass, and the

Principal Portion of the Main Stem Line between the two Oceans.

Its line extends from Sacramento, on the tidal waters of the Pacific, eastward across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West, and will meet and connect with the roads now building east of the Rocky Mountains. About 100 miles are now built, equipped and in running operation to the summit of the Sierra Nevada. Within a few days 35 miles, now graded, will be added, and the track carried entirely across the mountains to a point in the Great Salt Lake Valley, whence further progress will be easy and rapid. Iron, materials and equipment are ready at hand for 300 miles of road, and 10,000 men are employed in the construction.

The local business upon the completed portion surpasses all previous estimate. The figures for the quarter ending August 31 are as follows in Gold:

Gross Earnings,	Operating Expenses,	Net Earnings,
$467,579 64	$66,543 47	$401,031 17

or at the rate of two millions per annum, of which more than three-fourths are net profit on less than 100 miles worked. This is upon the actual, legitimate traffic of the road, with its terminus in the mountains, and with only the normal ratio of government transportation, and is exclusive of the materials carried for the further extension of the road.

The Company's interest liabilities during the same period were less than $125,000.

Add to this an ever-expanding through traffic and the proportions of the future business become immense.

The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges. Assuming that they will build and control half the entire distance between San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 863 miles $28,592,000, or at the average rate of $35,000 per mile—not including an absolute grant of 10,000,000 acres of the Public lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, THE GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Company offer for sale, through us, their

First Mortgage Thirty-Year Six Per Cent. Coupon Bonds,

Principal and Interest Payable in Gold Coin,

in New York city. They are in sums of $1,000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine Per Cent. upon the Investment.

These Bonds, authorized by act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent in all cases the *first lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, Stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The Central Pacific First Mortgage Bonds have all the assurances, sanctions and guarantees of the Pacific Railroad Act of Congress, and have in addition several noticeable advantages over all other classes of railroad bonds.

First—They are the superior claim upon altogether the most vital and valuable portion of the through line.

Second—Beside the fullest benefit of the Government subsidy, (which is a subordinate lien,) the road receives the benefit of large donations from California.

Third—Fully half the whole cost of grading 500 miles eastward of San Francisco is concentrated upon the 150 miles now about completed.

Fourth—A local business already yielding three-fold the annual interest liabilities, with advantageous ... payable in coin.

Fifth—The principal as well as the interest of its Bonds being payable in coin, upon a legally binding agreement.

Having carefully investigated the resources and prospects of the Road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Peerless Cooking Stove.

HEAR what the Boston Journal says of this superior article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed air-chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful housewife; the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,
